

## Flash Array Administration

## Course Content

The content of this course is designed to support the course objectives and is provided in a role-based structure

# FlashArray Administration

**Overview:** The FlashArray Foundations Learning Path provides System Administrators at new customer organizations with knowledge, practical experience, and step-by-step procedures to effectively manage Pure Storage FlashArrays. Our flexible self-paced training program builds skills and knowledge in the use of our technology. Get the most from FlashArray and maximize your technology investments—all at your pace and on your schedule.

**Course Description:** Learn to use FlashArray, the first all-flash, 100% NVMe shared accelerated storage designed for mainstream enterprise deployments. Become fully trained in basic array functionality, data administration, efficient infrastructure, feature management, and basic troubleshooting.

**Mode:** This course is available via classroom (contact AE/SE for availability), vClassroom, and online.

**Duration:** 2-3 days
